Ayet Halima Derki

Computer Science Engineer • Web & Mobile App Developer • AI Enthusiast

Computer Engineer and Master's degree holder in Information Systems, with hands-on experience developing full-stack and mobile applications. Passionate about building scalable, user-friendly, and impactful solutions across web, mobile, and AI. A quick learner and detail-oriented developer with a strong interest in emerging technologies and a commitment to continuous growth and improvement.

Languages

Arabic: Native

English: Fluent (C1)

French: Intermediate (B2)

Skills

Frontend: React, React Native, JS ES6+, Redux, Tailwind

Backend: Node.js, Express, REST APIs, WebSocket, JWT

Databases: MongoDB, MySQL, Redis

Mobile: React Native, Flutter, Dart

DevOps/Tools: Docker, Git, Kafka, Spring Cloud Gateway, Eureka

AI/ML: Python, Pandas, Scikit-learn

Certifications

Web Development Certificate, Udemy (2025)

"Projet Innovant" Label, SnapLearn Project

Professional Experience

SnapLearn - Collaborative EdTech Platform

"Final Year Engineering Project"

- Designed and built a collaborative educational platform on a microservices architecture, with containerization and Redis-based caching for performance and reliability.
- Engineered a self-healing, horizontally scalable deployment with automatic recovery mechanisms.
- Developed the companion cross-platform mobile app with Expo React Native
- Awarded the "Projet Innovant" label for the platform

Other Notable Projects

- **Student Project Management Platform:** Microservices platform for academic project lifecycle management with real-time features *(React, Node.js, WebSocket, Docker)*
- **Teacher Management System:** Full-stack platform for payment tracking, scheduling and role-based dashboards *(React, Node.js, MongoDB)*
- **Perfect Recipes:** Recipe-sharing platform with JWT auth and multi-language support *(React, Node.js, MongoDB)*
- **Home Automation App:** IoT-based home monitoring app with real-time sensor visualization *(Flutter, Firebase)*

Education

Baccalaureate degree in Mathematics 2018 – 2021

Lycée Goudid Ahmed, Sidi-chami, Oran

Baccalaureate degree: *Excellent mark 17.57/20*

Master's Degree in Computer Science 2021 – 2026

Higher School of Computer Science (ESI-SBA), Sidi Bel Abbès, Algeria

Master's Thesis: *"Social Presence and Learner Performance in E-Learning: A Systematic Review of the Evidence"*

Engineer's Degree in Computer Science 2021 – 2026

Higher School of Computer Science (ESI-SBA), Sidi Bel Abbès, Algeria

Specialization: *Information Systems & Web Development*

Final Year Project: *"SnapLearn: Design and Implementation of a Collaborative Educational Platform for Enhancing Academic Performance"*
